

T53: Update an existing pet

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	High	None
AI Automated Test	References	Automation Type	Is Automated
None	None	None	No
Test Case Labels			
TC-02			

Preconditions

Pet ID 91001 exists in the store

Steps

1. Send PUT /pet with updated status (sold)
2. Verify response
3. Send GET /pet/{petId} to confirm update

Expected Result

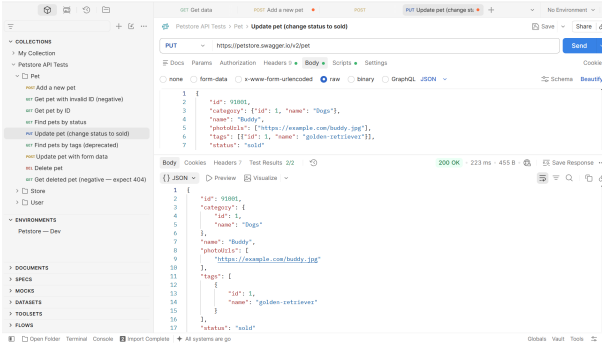

Status 200. Pet status updated to 'sold'. GET confirms the change persisted.
